

Designer Giuseppe Bavuso, year 2006

Altea offers a contemporary interpretation of a classical element: the vitrine. Its essential lines and details in glass are conceived to exalt the beauty of the wood lacquer. Altea is equipped with a side track that allows the upper tempered-glass door to slide and come forward, making it easy to open. The interior of the cabinet is entirely lined in hide.

Altea

Sideboard in lacquered MDF. Two doors.
Tempered glass cabinet, 6 mm. thick with hide clad. Inside light. Two inner drawers and one shelf.
