# Basket

The Basket bed is designed by calibrating large shapes with soft, enveloping lines. This is a double bed covered in fabric, leather or eco-leather, completely removable. There are many variations to the design: in addition to Basket, the Basket plus model, featuring sophisticated tucks on the headboard; Basket high, which displays the sophistication of the volumes, thanks to the more

imposing headboard; Basket air, the lines of which are slender in the painted metal feet; Basket air plus, with metal feet and headboard adorned with tucks are all available. The Basket, Basket plus and Basket high are also made in the "open" version: the practical unit enables precious additional space to be gained for storing covers, cushions and everything necessary for the bedroom.
